ABOUT ME

I enjoy learning new things. I like to challenge myself and change my logical thinking if needed. I like thinking outside the box and get new challenges.

I believe effort, perseverance, empathy, creativity and teamwork are essential elements to achieve the goals.

Skills

creative – intuitive - empathic

Leadership - Perseverance

Adaptability

Tech Skills

Javascript – React – Redux - Nodejs

Sequelize – Express – PostgreSql - Scrum

Languages

Spanish – English - Portuguese

FERNANDO PEREZ DIEZ

Projects

Ecommerce App (JUL 2021 – AGO 2021)

Development of an Ecommerce using React and Redux in the Front-end, authentication with Auth0. Integration with Mercado Pago as payment method. NodeJS, Express and Sequelize in the back-end and Postgresql for the database.

<https://github.com/ferperezdiez/PG-Henry-Ecommerce-Back>

Food App (JUN 2021)

Development of a SPA (Single Page Application) using React for Front End and Redux as state management. All components consume data from the "Spoonacular Recipe and Food" API and from a database created for this purpose, through a Back End developed in Node.js using Express, Sequelize, Postgres and adding new functionalities to the original API.
